To whom it may concern,

Subject: El-Mor electric installation and services (1986) ltd – Carmel Tunnels Project

1. As the chief electro-mechanical officer of the "Carmel Tunnels" project, I confirm that "El-Mor Electric Installation and Services (1986) LTD" implemented the electrical installations within our project.
2. The project included 11 energy centers, each comprises of RMU, transformers, LV main switchboard and MCC panels. All energy centers were connected and switched by 22KV smart grid running along the tunnels. In addition, El-Mor implemented SCADA systems, installed generator sets and Lightings facilities.
3. The total volume of the electrical works exceeded \$10M.
4. I am a mechanical engineer B.Sc, undergraduate of the Israeli Technion year 1975, having 37 years of experience. Until today I was responsible for the implementation of dozens of complex projects.

Sincerely yours,

David Sela
